| [1] Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to [675]. This means that if 1kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be [675] times higher than 1kg of CO2 , over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional |  |              |  |
| Contains fluourinated greenhouse gases.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |              |  |

技术要求(版本号 E，2017-03)

1. 此为客牌“CARRIER”产品信息卡。

2. 产品信息卡印刷颜色为黑色。

3. 该信息卡的幅面大小为：A4, 并在背面右下角空白处印刷物料编码。

4. 适用于客牌“CARRIER”机型。

5. 产品应符合QMK-J036. 1010《产品说明书技术条件》的有关要求。

6. 有RoHS指令要求的物料应符合QMK-J000. 1002《产品中限制使用有害物质的技术标准》。

7. 有REACH要求的物料应符合QMK-J000. 1008《REACH法规要求技术标准》。

Technical requirements(Ver. E,2017-3)

1. This manual(or similar material) is \_\_\_brand, which is to change the basic manual's trade mark, model and data.  
(Or: providing edition to new customer )

2. The front page and inside page trade mark are dimensioned in the drawing above(or similar material) , the color is Pantone:  
(undimensioned font and pattern printing color is black)

3. The manual's dimension is:(directly list the actual dimension width \* hight,common occasion is A4)

4. This manual is available to the \_\_\_brand's \_\_\_\_\_unit.

5. Finished manuals shall comply with the relevant requirements QMK-J036.1010 technical requirementsfor Product Manual.

6. Materials subject to RoHS shall comply with QMK-J000.1002 Technical Standard for Restricted Hazardous Substance in the Products of MIDEA.

7.Materials subject to REACH shall comply with QMK-J000.1008 Technical Standard for REACH of MIDEA.
